About HealthEquity

HealthEquity empowers Americans to build health savings by providing powerful tools for health savings accounts (HSAs) and other health financial services.

We manage \$8.1 billion in custodial assets, which makes us the largest health savings account non-bank custodian in the nation. Our convenient solutions serve 4.0 million HSAs owned by individuals at 41,000+ employers across the country.

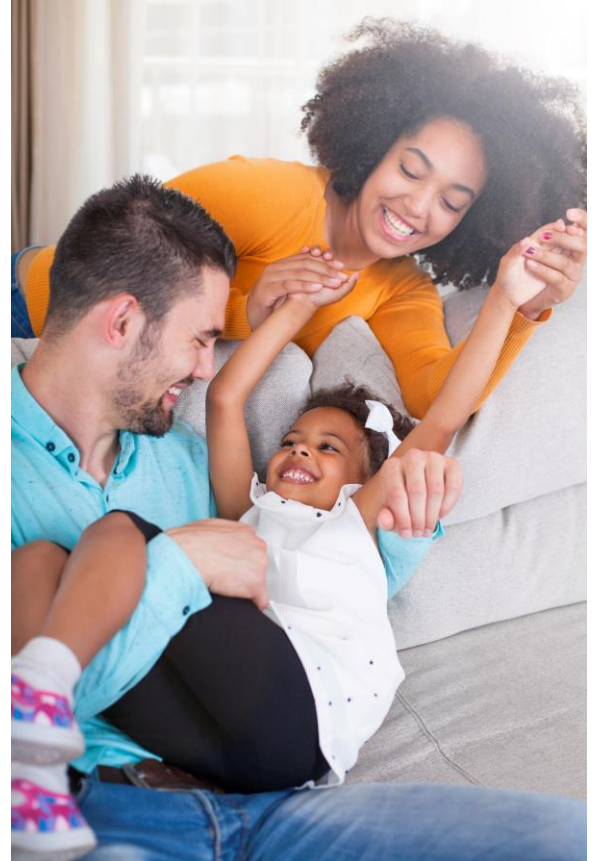

AVAILABLE EVERY HOUR OF EVERY DAY

Because questions about your health accounts can arise when you least expect it, HealthEquity's account mentors are available every hour of every day to share advice, relieve your concerns or let us conduct a **personal assessment** of your plan options.
